OUR PRODUCTS

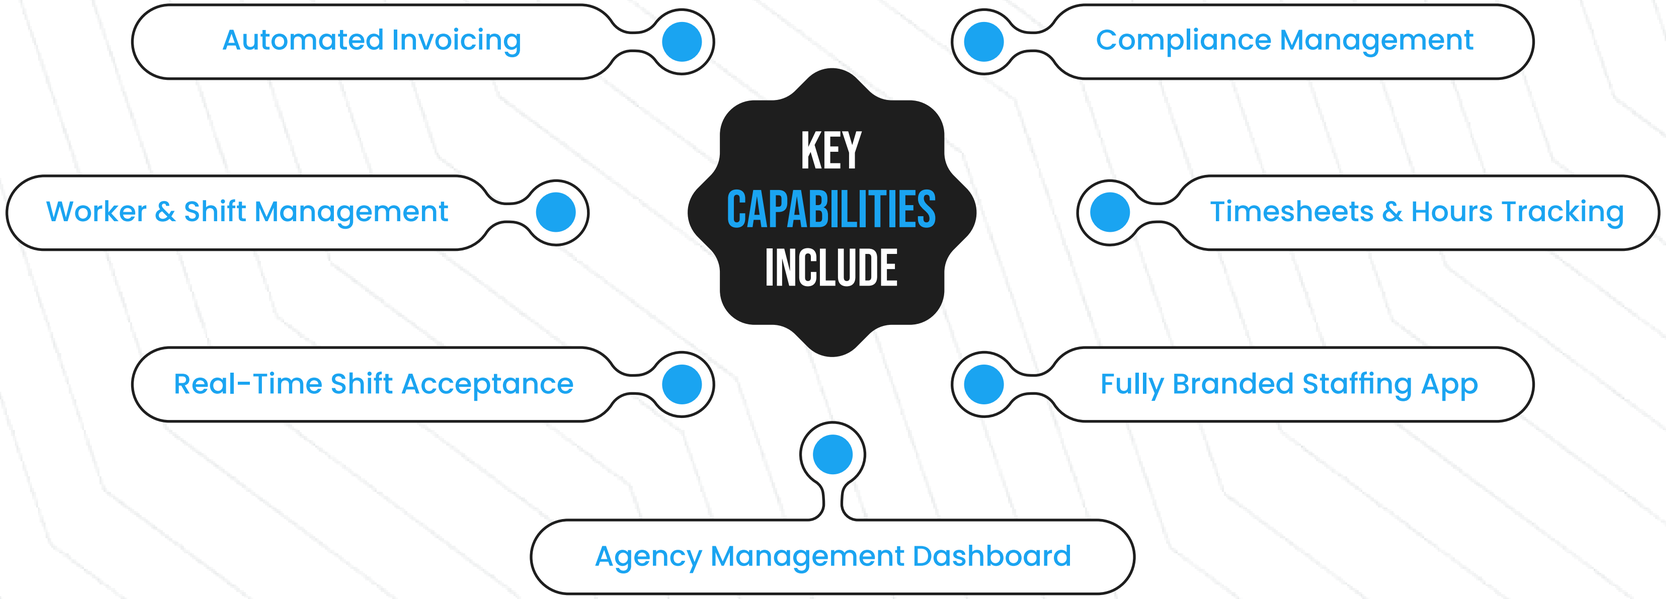

At AviZone Tech, we don't just build digital solutions for clients we also develop our own technology products designed to solve real-world business challenges.
Our product ecosystem spans mobile commerce, artificial intelligence, recruitment, business management, industry-specific software, and point-of-sale solutions.

01. WHOOPBA

Branded Staffing & Recruitment Platform

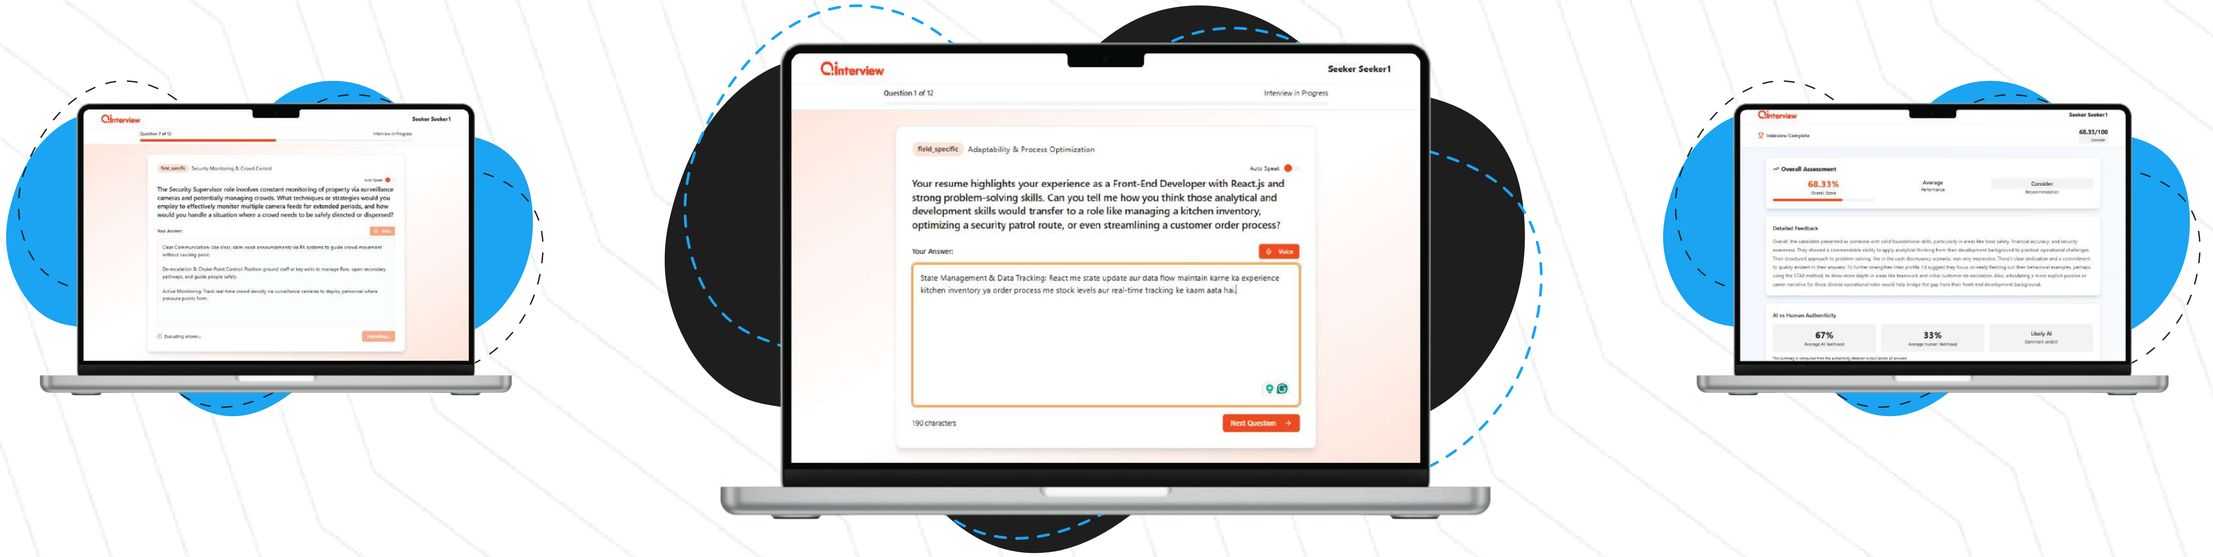

Whoopba enables recruitment agencies and workforce providers to launch their own **fully branded staffing app**, automate operations, and manage their workforce from **one powerful platform**.

02. AI INTERVIEW

AI-Powered Recruitment & Interview Platform

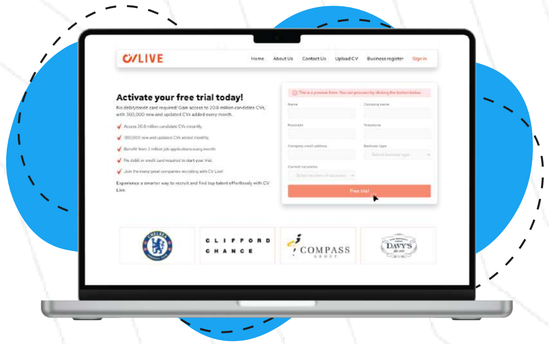

AI Interview uses artificial intelligence to streamline the recruitment process. It can analyse CVs, conduct intelligent interviews, evaluate candidate responses, and generate detailed reports highlighting candidate performance.

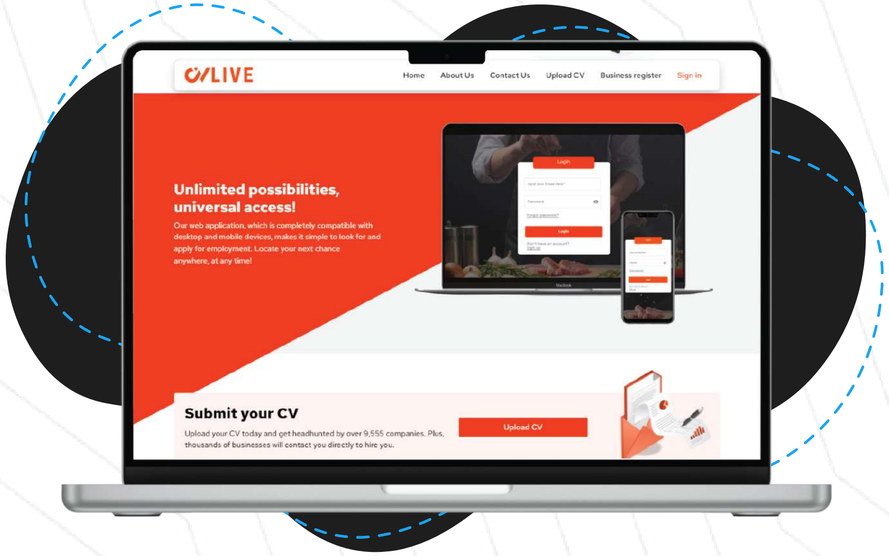

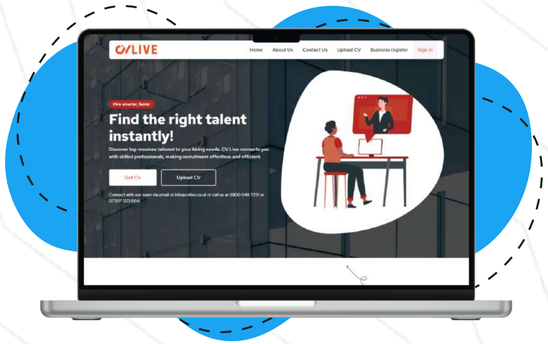

03. CV LIVE

Digital CV & Talent Library

CV Live provides businesses with a centralised CV and candidate library, making it easier to discover, organise, and access potential talent. It helps businesses streamline candidate sourcing and build a more efficient recruitment workflow

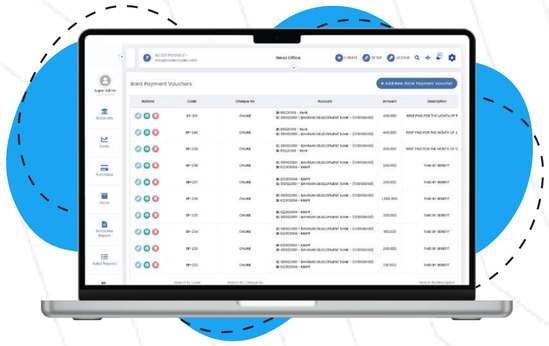

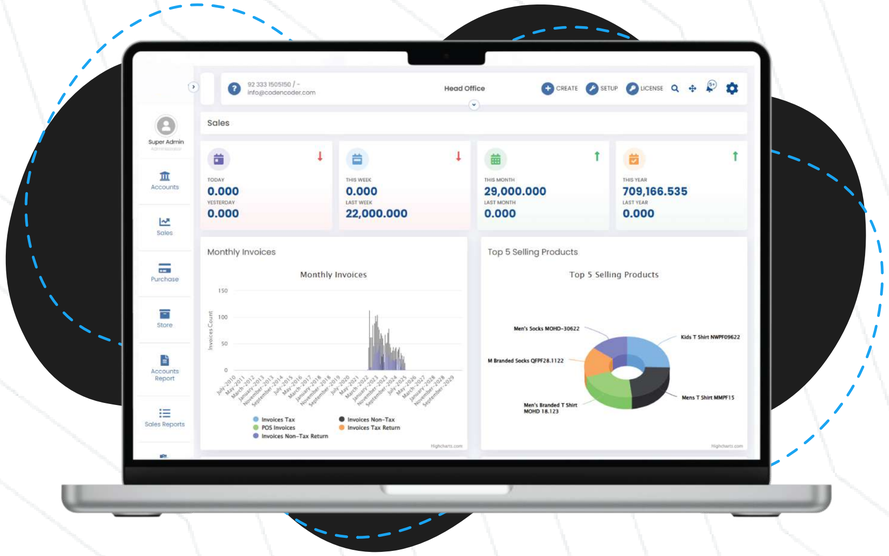

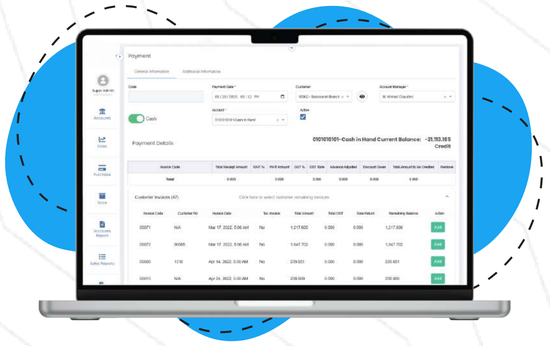

04. ERP

Complete Business Management Platform

Our ERP solution brings essential business operations together in one integrated system.
From sales and inventory to customers, reporting, and day-to-day operations, it helps businesses manage their processes more efficiently.

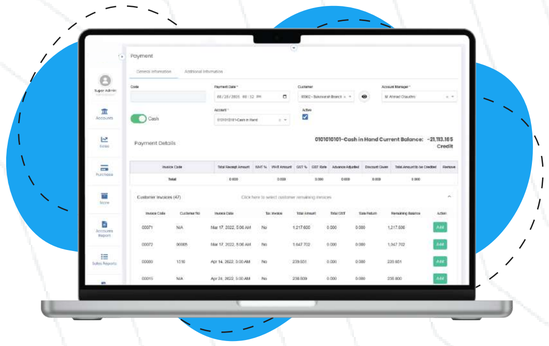

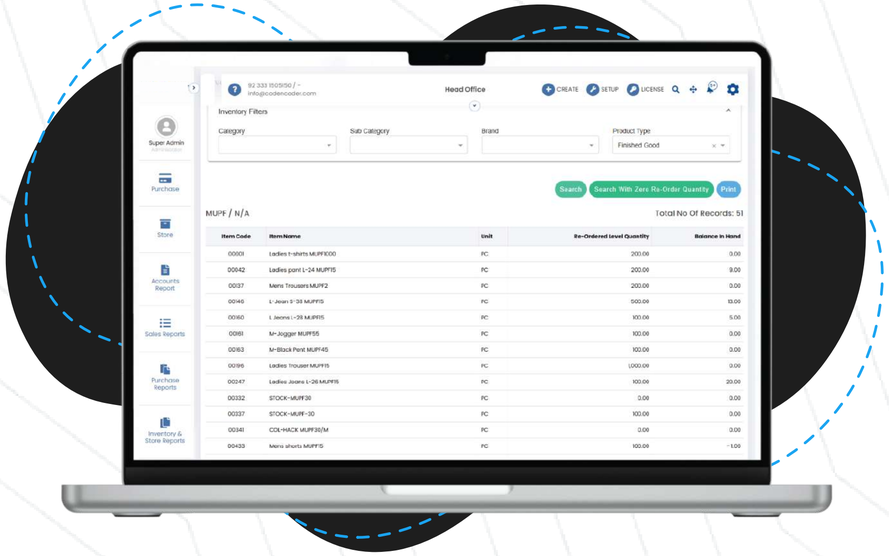

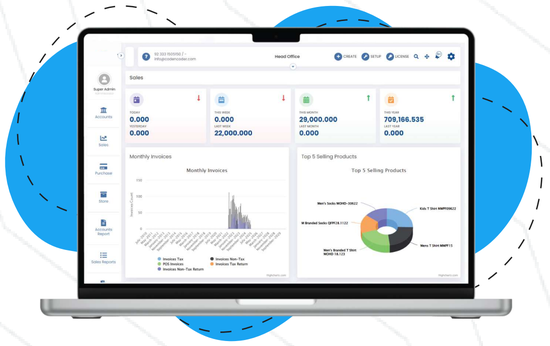

05. GARMENT MANAGEMENT

End-to-End Garment Business Management

A specialised management solution built for the garment industry. It helps businesses manage operations, inventory, orders, production, sales, and other essential workflows through a centralised platform.

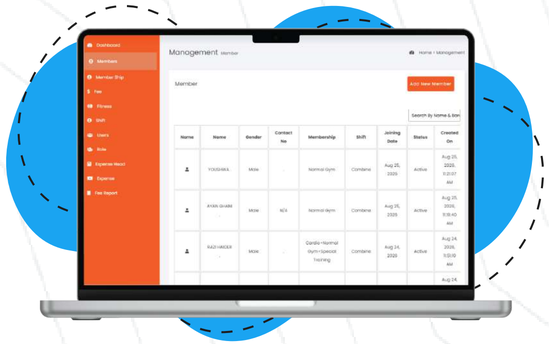

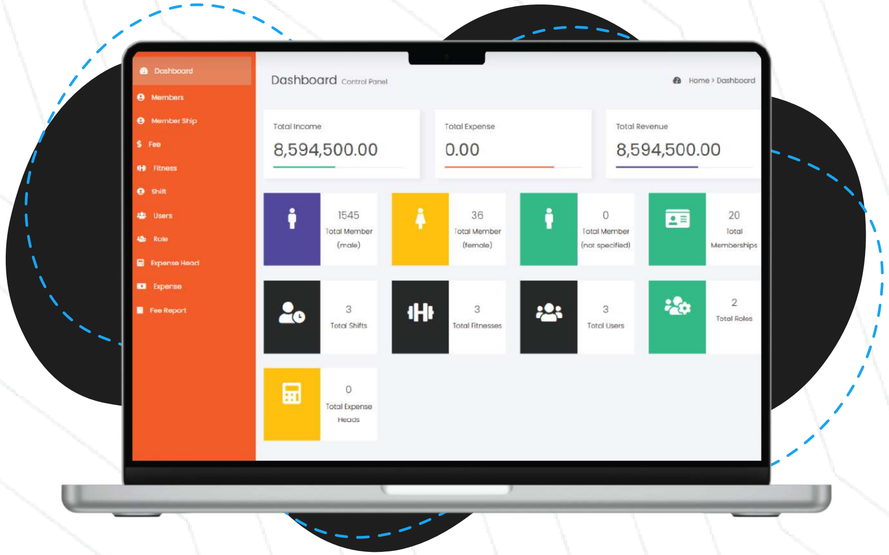

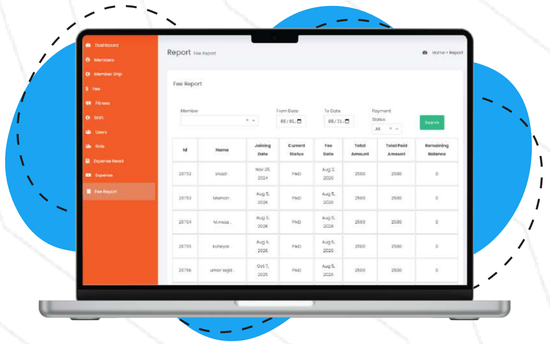

06. GYM MANAGEMENT

Complete Gym & Fitness Management

Our gym management solution simplifies the everyday running of fitness businesses. Manage memberships, customers, schedules, payments, staff, and operational activities from one streamlined system.

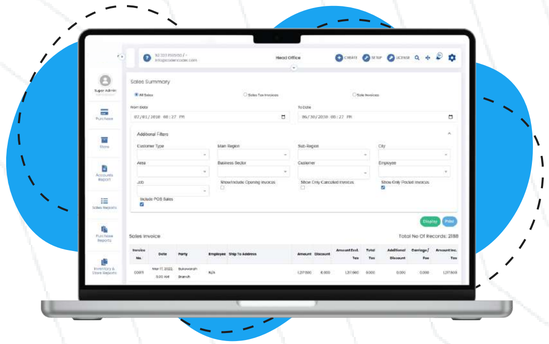

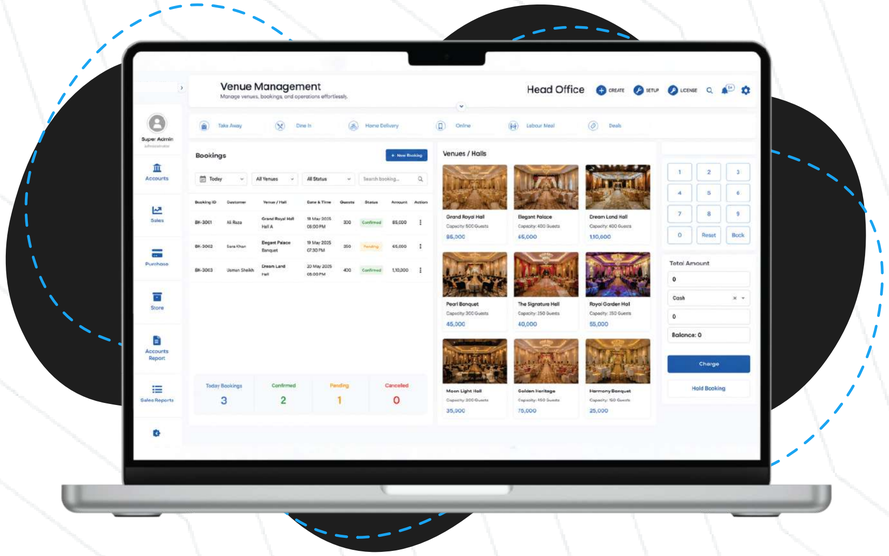

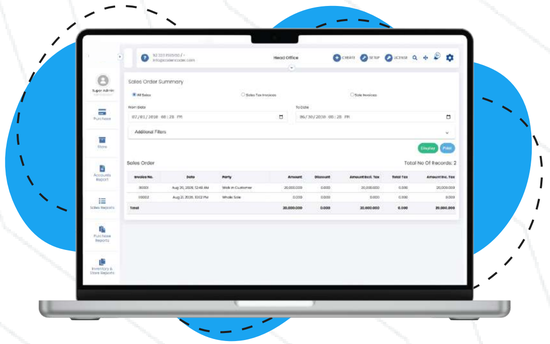

07. VENUE MANAGEMENT

Smarter Venue & Booking Management

A dedicated platform for managing venues, bookings, customers, schedules, and operations. It helps venue businesses stay organised while providing a smoother management experience.

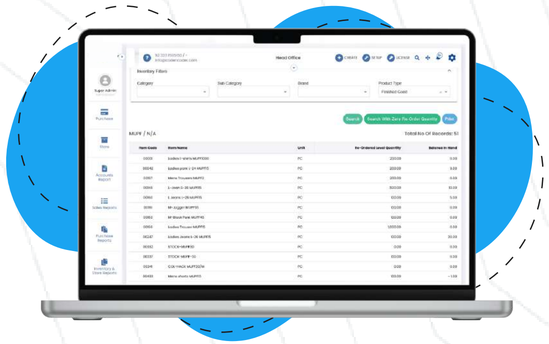

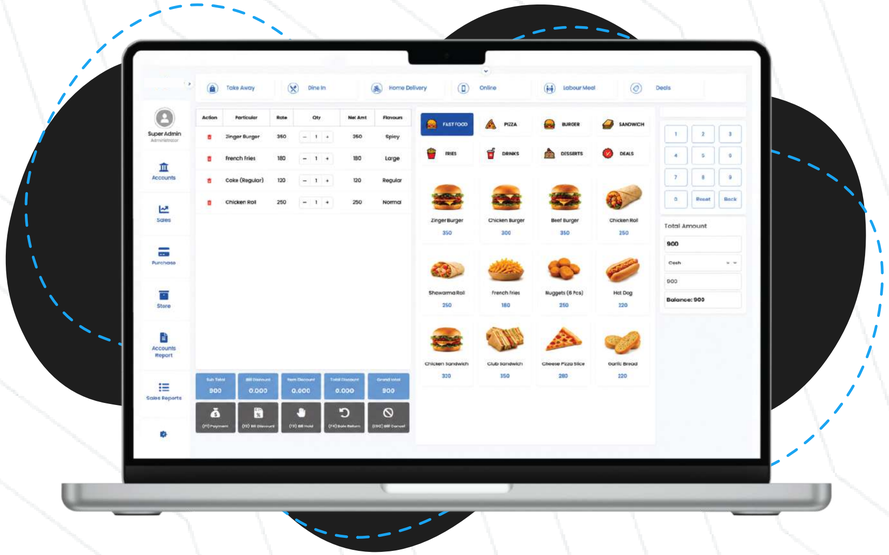

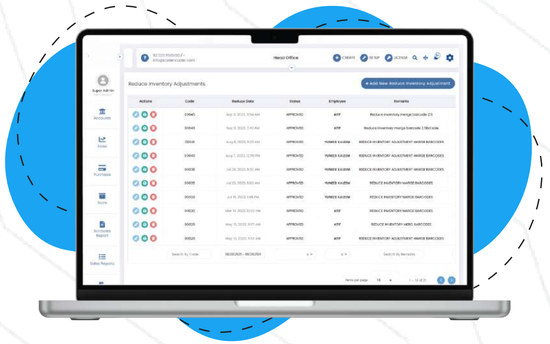

08. RESTAURANT POS

Complete Point-of-Sale for Restaurants

A powerful POS solution designed specifically for restaurant operations. Manage orders, tables, payments, products, sales, and day-to-day restaurant activities through one integrated system.

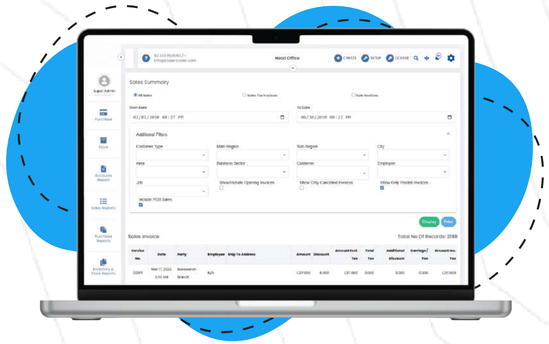

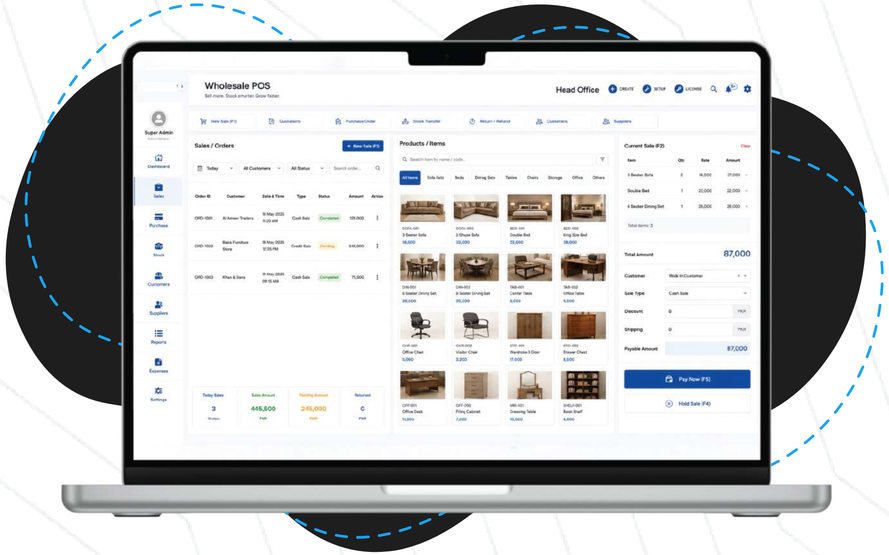

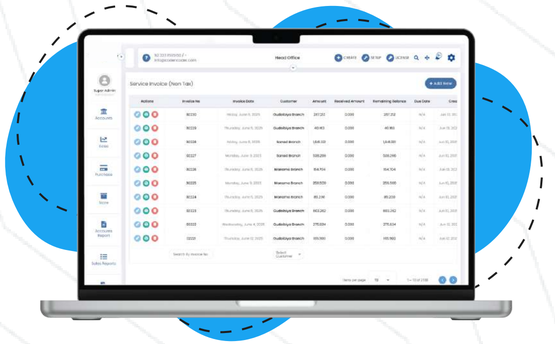

09. WHOLESALE POS

Wholesale Sales & Inventory Management

A dedicated POS solution for wholesale businesses, helping manage products, stock, sales, customers, pricing, and transactions while keeping daily operations organised and efficient.

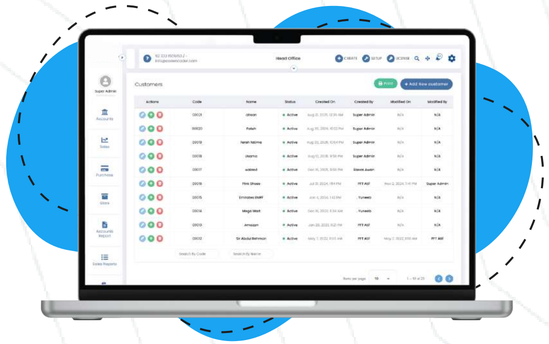

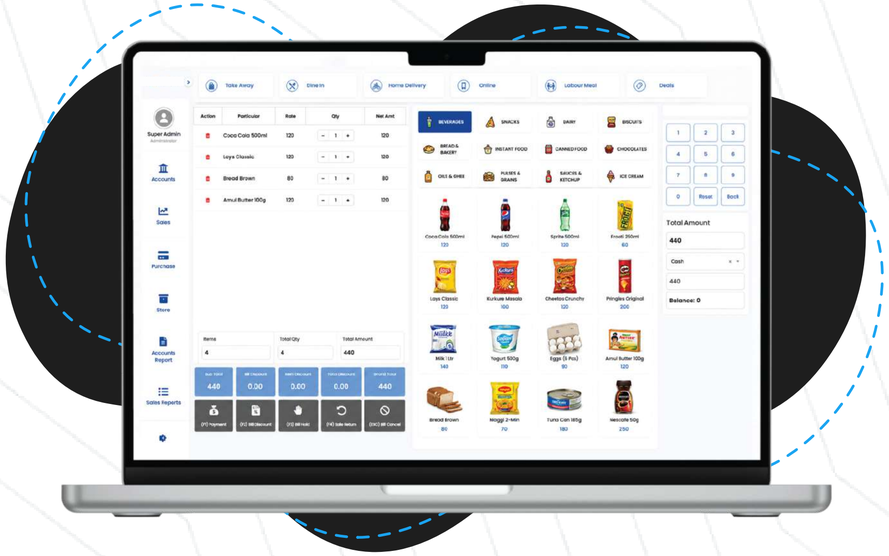

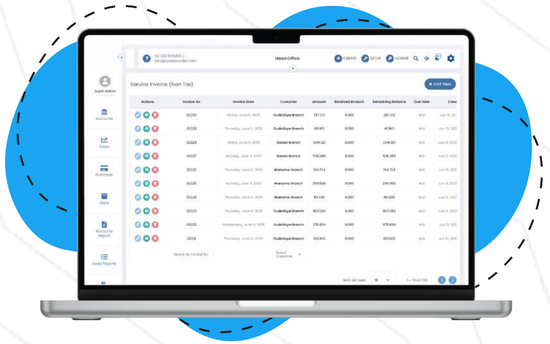

10. MART POS

Complete Retail Management Solution

A modern POS and retail management solution for marts and retail businesses.
Manage sales, inventory, products, customers, and daily operations from one centralised platform.

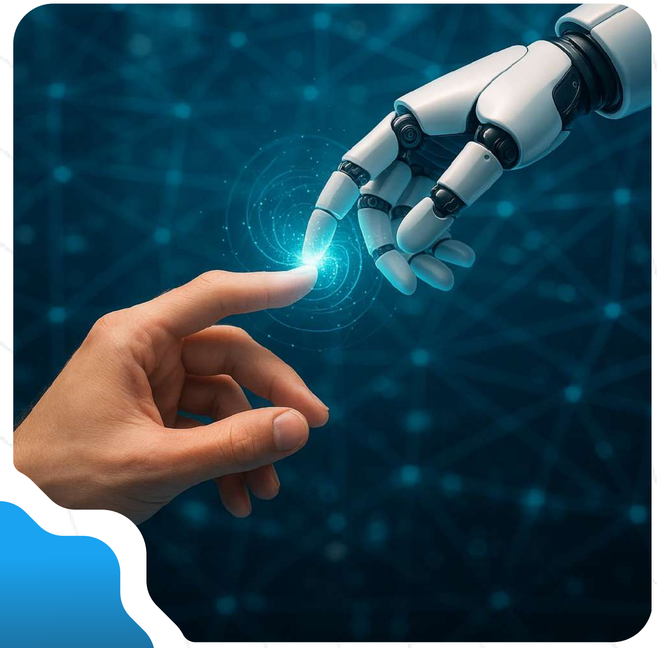

BUILT TO SOLVE REAL BUSINESS PROBLEMS

From AI-powered recruitment and staffing solutions to ERP, industry specific management systems, and POS platforms, our products are designed to solve real operational challenges across different industries.

We combine technology, automation, AI, and intuitive user experiences to create powerful digital products that help businesses streamline operations, improve efficiency, and grow with confidence.

WHY CHOOSE AVIZONE TECH?

Business-Focused Solutions

We don't believe in one-size-fits-all solutions. Every project is developed around your business objectives, audience, and growth plans.

Technology & Innovation

We continuously explore modern technologies and digital trends to create solutions that keep businesses competitive.

Creative & Technical Expertise

Our strength lies in bringing development, design, marketing, and technology together under one roof.

Scalable Solutions

We build with the future in mind creating digital products and systems that can grow alongside your business.

Quality-Driven Approach

From initial planning to final delivery, we focus on performance, usability, security, and quality.

Long-Term Partnership

We don't just deliver a project and disappear. We aim to become a trusted technology partner for your ongoing digital growth.

OUR APPROACH

Discover

We start by understanding your business, challenges, audience, and objectives.

Strategise

We define the right technology, creative direction, and digital strategy for you goals.

Design

We create intuitive, modern, and engaging experiences that represent your brand.

Develop
